

Levelling your characters

EP & Build

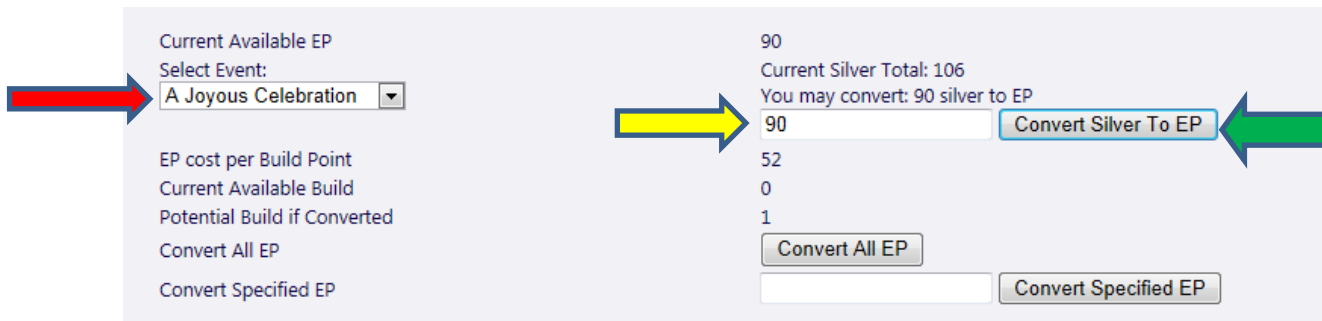

Go to the Manage Characters are on the Your Profile menu.

Select your character by clicking on this name in the white box.

Click on the EP & Build tab in the left hand menu.

Once admin has captured your silver & EP blanket for the event, the screen will display like this:

Select the event which you attended in the drop down box with the red arrow. This will allow you to buy your EP build blanket again with silver. The text box will be populated with the amount of additional EP you may buy or the amount of silver that you have, whichever is smaller (Yellow arrow). Convert silver to EP by clicking on the Convert Silver to EP button (Green arrow).

The screen should now display like this:

Current Available EP	180
Select Event:	Current Silver Total: 16
A Joyous Celebration	You have already converted EP for this event
	<input type="text"/> <input type="button" value="Convert Silver To EP"/>
EP cost per Build Point	52
Current Available Build	0
Potential Build if Converted	3
Convert All EP	<input type="button" value="Convert All EP"/>
Convert Specified EP	<input type="text"/> <input type="button" value="Convert Specified EP"/>

Note the increase in available EP. Now convert EP to build. The easiest way is to click Convert All EP. The Convert Specified EP functionality is only included for completeness sake 😊.

So click on Convert All EP. The screen now displays as follows:

Current Available EP	24
Select Event:	Current Silver Total: 16
A Joyous Celebration	You have already converted EP for this event
	<input type="text"/> <input type="button" value="Convert Silver To EP"/>
EP cost per Build Point	52
Current Available Build	3
Potential Build if Converted	0
Convert All EP	<input type="button" value="Convert All EP"/>
Convert Specified EP	<input type="text"/> <input type="button" value="Convert Specified EP"/>

If you now click on the Skills link in the left hand menu, you will see that your EP has been converted and you now have new build available:

<input type="button" value="Manage Celestial (S) Slots"/>	<input type="button" value="Manage Earth (S) Slots"/>

Filter Skills?

By clicking on the Character Info link in the left hand menu, you will be able to see how your silver was used:

Goblin Point Spend

In the Manage Character section, select your character and click on the Goblin Spend link in the left hand menu:

Goblin point spending will be available after the first event.
You can only spend goblins on a character once you have attended an event as that character.

Goblin Point Total: [Redacted]

Weeks Available for Build	4	Goblins Required	200	Build Gain:	7	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>
Months Available for Silver	1	Goblins Required	100	Silver Gain:	100	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>
Months Available for Production	1	Goblins Required	100	Production Gain:	100	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>

You may spend goblins per week on build (the system keeps track of when was the last time you spent goblins and calculates how many goblins you may spend on the day when you log in). You may spend 50 goblins per week to buy your build blanket in EP. This EP is automatically converted to build.

You may spend 100 goblins per month to gain silver at a rate of 1 goblin to 1 silver.

You may spend 100 goblins per month to gain production points with which to buy items at a rate of 1 goblin per 1 production point.

Enter the number of goblins you wish to convert in the text box that corresponds with the conversion you wish to do. So for buying your build blanket if you haven't done that in 4 weeks since the event:

Weeks Available for Build	4	Goblins Required	200	Build Gain:	7	Number to Convert:	<input type="text" value="200"/>	<input type="button" value="Convert"/>
---------------------------	---	------------------	-----	-------------	---	--------------------	----------------------------------	--

Now click on the convert button. Click OK on the confirmation popup box. The screen now displays as follows:

Goblin point spending will be available after the first event.
You can only spend goblins on a character once you have attended an event as that character.

Goblin Point Total: [Redacted]

Weeks Available for Build	 0	Goblins Required	0	Build Gain:	0	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>
Months Available for Silver	1	Goblins Required	100	Silver Gain:	100	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>
Months Available for Production	1	Goblins Required	100	Production Gain:	100	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>

Note that there are now no goblins available for conversion to build. Do the same for silver & production points (if desired):

Weeks Available for Build	0	Goblins Required	0	Build Gain:	0	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>
Months Available for Silver	0	Goblins Required	0	Silver Gain:	0	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>
Months Available for Production	0	Goblins Required	0	Production Gain:	0	Number to Convert:	<input type="text"/>	<input type="button" value="Convert"/>
